

Dr Veena Selvaratnam is a Haematologist based in Hospital Ampang. She completed her MRCP UK in 2009 and her FRCPATH (Hematology) in 2019. She underwent her Haematology sub-speciality training in 2013 -2017 during which she spent a one-year stint at the Hammersmith Hospital London to gain more experience in managing patients with bleeding and clotting disorders. She is currently in charge of the Haemophilia and bleeding disorder clinic and the Clinical Haematology Reference Laboratory in Hospital Ampang. She is also actively involved in clinical trials, education programs and is a member of the scientific committee in a few upcoming conferences. Her areas of interest are bleeding disorders including acquired bleeding disorders, obstetric haematology as well as thrombophilia.
