
Biographical Sketch

NAME Aki Kido	POSITION TITLE Associate professor, Department of Diagnostic Imaging and Nuclear medicine, Graduate School of Medicine, Kyoto university, Kyoto, Japan		
EDUCATION/TRAINING <i>(Begin with baccalaureate or other initial professional education, such as nursing,</i>			
INSTITUTION AND LOCATION	DEGREE	YEAR(s)	FIELD OF STUDY
Akita University, Japan	M.D.	1997	Medicine
Kyoto University	Ph.D.	2005	Medicine/Radiology

A. Positions and Honors

Positions and Employment

1997-1998	Resident, Kyoto University Hospital
1998-2001	Fellow, Fukui Red Cross Hospital, Fukui, Japan
Apr.-Sep.2005	Fellow, Kyoto University Hospital, Department of Diagnostic Imaging and Nuclear medicine, Kyoto, Japan
Oct.2005-Sep.2006	Visiting Researcher, Georgetown University Hospital, Department of Radiology
Oct.2006-Aug.2010	Staff, Kyoto Katsura Hospital, Kyoto Japan
Sep.2010-present	Associate professor, Department of Diagnostic Imaging and Nuclear medicine, Graduate School of Medicine, Kyoto university, Kyoto, Japan

Honors

2003	Award for International Leap, Japanese Society for Magnetic Resonance in Medicine
2004	Selected to attend the 2004 Introduction to Research for International Young Academics (IRIYA) Seminar , 90th Scientific Assembly and Annual Meeting of the Radiological Society of North America, Chicago
2005	Award for Cyber Poster, 65 th Annual Meeting for Japan Radiology Society, Japan
2005	Selected to Educational Stipend Programs: Student Stipend, New Entrant Stipend, and E.K. Zavoisky Stipend , The 13th Annual Scientific Meeting and Exhibition of The International Society for Magnetic Resonance in Medicine. Miami
2012	Itai memorial research award, Japanese Radiological Society
2015	Radiographics Editor's Recognition Award for reviewing with distinction
2019	2018 MRMS(Magnetic Resonance in Medical Science) Most Valuable Reviewer

Biography

Aki Kido, MD, PhD of Kyoto, Japan, is an expert in the field of female genitourinary radiology. Graduating from Akita University, she had residency training in Department of diagnostic Radiology, Kyoto University Hospital and Fukui Red Cross Hospital.

She devoted herself to her study under education of previous Prof.Kaori Togashi, Kyoto University about female genitourinary radiology during Graduate school of medicine, Kyoto University. Her main research activities include uterine function and diagnostic radiology in gynecology and obstetrics. After acquisition of doctor of philosophy at Kyoto univeristy, she went abroad to Department of Radiology, Georgetown University Hospital, under education of Dr.Susan M. Ascher. She had experienced fused study of uterine arterial embolization and uterine function on MRI.

Dr. Kido has authored more than hundred articles in peer-reviewed journals, several review papers and chapter of books. She is currently the associate professor of Kyoto University. She has taught many graduate students, constructed studies with them and young researchers in female pelvic imaging, and published many articles.
